TRUSTEE UPDATE:

   Applications have been closed as of February 22, 2006 and are being reviewed for the appointment of a replacement for retired Board of Trustee member Bill Babcock.

PRESIDENT'S REPORT:

1. Dr. Beck discussed two possible plans for the restructuring of Idaho Community Colleges. The first was Governor Kempthorne’s plan. The second plan is a proposed by Representative Ann Rydalch of Idaho Falls.

2. The Idaho State Board of Education, on a 4-4 vote, killed the financial split of state appropriated funding that the College of Southern Idaho and North Idaho College Boards of Trustees tentatively approved. The Idaho State Board of Education stated that it wanted to wait and see which, if either, of the community college plans the lawmakers may approve. Dr. Beck has requested that the proposed appropriation split be addressed at the next Idaho State Board of Education meeting in April.

3. Mathematics Professor Steve Irons reported that his sabbatical last fall was a success, both from a professional and personal standpoint. He said he was able to become a student again, and visited several other colleges to see how they support their math students.
4. President Beck reported the following:
   a. An open House in Gooding was held to show the remodel
      and improvements to the facility made by the maintenance
      department. These improvements will add student capacity to
      the Northside Center.
   b. Dr. Beck met with the Governor and representatives of
      JAYCO, Incorporated on their first year anniversary. He
      reported expansions of Twin Falls plant plus additional
      support businesses.
   c. Dr. Beck discussed his participation in a panel
      discussion with the Joint Finance Appropriation Committee
      concerning community colleges. He presented a history of the
      College of Southern Idaho and an overview of our outreach
      centers.
   d. Dr. Beck discussed the Higher Education luncheon the
      college presidents attended with legislators. He handed out
      copies of the slides each Idaho college or university
      contributed to that presentation. The presentations
      highlighted the economic development that higher education
      provides.
   e. Dr. Beck handed out and discussed Governor Kempthorn’s
      Idaho Initiative for Idaho’s 21st Century Community College
      System
   f. Dr. Beck reported that Senator Crapo visited the
      College of Southern Idaho campus. Senator Crapo was impressed
      by the use of funds we have received and noticed the positive
      changes on campus.
