MINUTES OF THE REGULAR SESSION AND EXECUTIVE SESSIONS OF
FEBRUARY 27, 2006 AND THE EXECUTIVE SESSION OF MARCH 14, 2006,
were approved as written on MOTION by Dr. Thad Scholes.
Affirmative vote was unanimous.

TREASURER’S REPORT: The Treasurer’s report was approved on
MOTION by Dr. Charles Lehrman. Affirmative vote was
unanimous.
BIDS:

1. The Board approved the low bid of Starr Corporation for the Bus Turnaround in the amount of $186,056.11 on MOTION by Dr. Thad Scholes. Affirmative vote was unanimous.

   Seventy five percent of the funding for this project is from the Idaho Department of Transportation Federal 5309 grant ($139,542.08). The remaining twenty five percent ($46,514.03), which is required local match, is from the Plant Facilities fund.

PRESIDENT'S REPORT:

1. The Board approved the amended operation agreement between the College and the Idaho Department of Administration on MOTION by Dr. Charles Lehrman. Affirmative vote was unanimous.

2. The President advised the Board that we are in the process of putting together the budget for next year. All of our benefited employees received a three percent raise in their February paycheck as approved by the Board at the January 30, 2006 Board meeting. This was actually the raise we would normally give in July provided five months early.

   In developing contracts for fiscal year 2007, the President requested permission from the Board to provide salary increases for employees for merit, rank and equity. He also asked for permission to provide salary adjustments to permanent part time staff that were not eligible for the three percent raises provided to full time staff in February.

   The Board approved the plan for salary increases on MOTION by Dr. Charles Lehrman. Affirmative vote was unanimous.

3. Chairman Craig stated that applications for the vacant trustee position were reviewed in the Executive Session of March 14, 2006. He stated that the entire Board was very impressed by the number of quality applicants that expressed interest in serving on the Board.
3. (continued) Dr. Al Frost was nominated to fill the vacant trustee position of Bill Babcock on MOTION by Dr. Charles Lehrman. Dr. Lehrman, Dr. Scholes and President Beck all spoke in favor of Dr. Frost's nomination. His contributions to the community and College were noted.

Affirmative vote for the appointment of Dr. Frost to the College of Southern Idaho Board of Trustees was unanimous.

4. With the moving of the March 19, 2007 meeting to March 26, 2007, the Board approved the Board Meeting Schedule for fiscal year 2007 on MOTION by Dr. Thad Scholes. Affirmative vote was unanimous.

5. Randy Dill reviewed an extensive list of maintenance projects planned for the next six months. These included landscaping projects, surface water irrigation projects, building renovations and equipment installation. The coordination of preventative maintenance projects funded by the State of Idaho Division of Public works are also part of the scheduled maintenance.

6. The Board reviewed some conceptual designs for building an electrical maintenance building at the base of the tower. The existing electrical and communication lines are in vault below the tower and are subject to excessive moisture and corrosion. Chairman Craig suggested using some matching brick or blending some concrete with the existing tower concrete as possible options.

The Board approved moving forward with the design of an electrical maintenance building at the base of the tower on MOTION by Dr. Thad Scholes. Affirmative vote was unanimous.

Randy Dill and Mike Mason advised the Board that we would return with some more detailed designs for the building.

7. Curtis Eaton reviewed plans for the Fine Arts Building re-dedication with the Board. He noted that the 1967 plaque with approximately fourteen hundred donor names had been refurbished and would be hung in the new lobby.

Curtis Eaton thanked Doug Maughan for his outstanding work on the brochure for the event.

Chairman Craig commended Doug Maughan for the basketball half time broadcast of "What is going on at CSI". He noted how proud the Board was of the content and broadcast of this information.

8. President Beck reported the following:
   a. President Beck commended the athletes, coaches and Jeff Duggan for the accomplishments of the athletic department so far this year.
   b. Chairman Craig and President Beck accepted the Jerome Chamber of Commerce Appreciation Award for 2005.
   c. On March 8th, President Beck met with representatives of Idaho State University to coordinate the offering of upper division courses at the Community Campus in Hailey.
   d. In the event Cheney Drive is extended through the North edge of campus, half of the required right of way will come from the College and the other half from the developer to the North.
   e. The Southern Idaho Economic Development Organization hosted INEL in Twin Falls. INEL is putting funds into Business Plus 3 in an effort to assist in continued economic development in the area.
   f. On March 22nd, President Beck and Randy Dill attended an open house at Saint Benedicts.
   g. Community college legislation continues to work its way through the legislature. It does appear that the proposed legislation keeps local control in tact with existing community colleges.

ADJOURNMENT was declared at 6:20 p.m.

Re: Storage Area Network System

We received five bids for the Storage Area Network System (SAN). Two of the vendors submitted bids that did not meet specifications.

This system is a 2 TeraByte (TB) mass storage system that will store and manage large volumes of data as we expand our Web based JICS System as well as other network storages applications. This system will enable us to provide multiple backups and data snapshots and provide improved safeguard of data.

DELL $56,083.98
Intermountain Technology Group $62,824.59
MTI $79,772.00
Advances System Group Not to Specification
James River Not to Specification

Based on the review of the bids by Ken Campbell, I recommend that we accept the low bid from DELL Computers in the amount of $56,083.98

Funding for this purchase is from the General Fund account that was established for the JICS system upgrade
