SUPPORTIVE SERVICES RESOURCE LIST**

<p>WIC WIC is a health and nutrition program designed to help women, infants, and children who have special medical or nutritional needs</p>	<p>737-5900 https://phd5.idaho.gov/WIC/</p>	<p>The Idaho Children's Special Health Program (CSHP) provides consultation, information, technical assistance and referral services for the families of children who have chronic illnesses and disabilities. CSHP works with families, providers and communities to help establish and maintain a system of information, provide referral and follow-up services. CSHP also promotes parent-to-parent support networks to ensure that all families have access to support services and health benefits counseling, and attempts to build systems of care in collaboration with other child/family efforts to link community-based health, social services and education agencies.</p>	<p>http://healthandwelfare.idaho.gov/Children/ChildrensSpecialHealthProgram/tabid/160/Default.aspx</p>
