Employer Name
Business Name
Street Address
City, State

Dear *Name*:

We would like to thank you and your staff for allowing (Name) from the (Name) High School to participate in the Summer Internship program for Information Technology instructors which was made possible by a grant from the National Science Foundation/Advanced Technological Education initiative and awarded to the College of Southern Idaho.

Part of the mission of the grant was to encourage high school and College of Southern Idaho instructors to gain experience during the summer with area businesses which specialize in their teaching areas. In listening to the excitement expressed by (Name) about her experience at (Business Name), we know that it was truly beneficial and rewarding for her. In her report to us, she commented "*Quote from Instructor's report*"

In order for us to continue to improve the program, please take a moment and complete the attached survey. As a part of the grant we received from the National Science Foundation, we will be preparing a report each year and would like to include feedback from you. Your candid comments will help us modify and improve the program.

Again, thank you for your time, your commitment, and your energies in working with (Name). Please feel free to contact us at 208-732-6346 if you have any further questions.

Sincerely,

Claire Major
Principal Investigator, NSF/ATE Grant # 0402649
Assistant Director, ARTEC

Todd Schwarz
Co-Principal Investigator, NSF/ATE Grant # 0402649
Instructional Dean, College of Southern Idaho
