

Tech Prep Benefits For High School Students

- Earn college credit in high school.
- Jump start your college education.
- Eliminate duplication of courses.
- Save on college tuition costs.
- Save on college text books.

Open the door to an exciting and rewarding career!

What is Concurrent College Credit?

Concurrent credit is an advanced learning opportunity that allows high school student to simultaneously earn credit toward a high school diploma and a postsecondary degree. The two types offered through CSI are Tech Prep and Dual Enrollment.

What is Tech Prep?

- Tech Prep is a combined effort between high schools and the College of Southern Idaho
- Tech Prep provides students with a seamless education that will lead them to the development of a high level of technical career guidance activities in high school.
- Tech Prep allows students to receive college credit through articulation agreements between high schools and College of Southern Idaho technical programs. Students are able to accumulate college credits before they leave high school.
