### Seasons of Change

Change seems to be a constant throughout this year; from changes affecting everyday life, to the changes implemented across education, as well as throughout our world at large. CSI has also experienced much change over the last several months as we've welcomed President Fisher, expanded our modes of teaching, restructured organizationally as a college, and are anticipating future changes on the horizon. We thank you for sticking with us as we strive to improve and learn how we can better serve our community!
