Pursuit of Knowledge and Skills

This report is an expression of how the College of Southern Idaho Foundation has made a difference in student access and affordability for over two decades. The generosity of our citizens has made a significant difference in our students’ ability to participate in course work and programs.

The foundation has been instrumental in providing CSI with equipment and academic laboratories that has enabled us to provide the very highest educational experiences for our students. With the support of the Foundation, the College of Southern Idaho will keep higher education accessible, relevant and effective.

I’m looking forward to a successful year and thank you for your support of the College of Southern Idaho.

— Gerald L. Beck

I have truly enjoyed working with the CSI Foundation over the past few years. I have had the opportunity to tour the campus and I am very impressed by the people who work to make CSI such a special place. CSI is truly a “community” college. I believe it does such a fine job serving so many people— from the middle aged mom going back to work, to the kids fresh out of high school. My own children have benefited from the Science Camps and many programs at the Herrett Center. My husband Chris, and I enjoy the cultural events at the Fine Arts Center. Much of what you see at CSI is financially supported by the CSI Foundation. Financial support also goes to student scholarships. This is something you can’t “see” like a building or a piano, but a student’s scholarship impacts the student, their family, their employers, the list goes on and on. Many of those students will go on to make our community stronger. Supporting the CSI Foundation is a great way to support our local community. I ask you to help the CSI Foundation in whatever way you can.

— Anna Germana Scholes

FISCAL RESPONSIBILITY

“The CSI Foundation has given me a key to open the first door to success; a key to my education.”
— Cindy Lopez

“The benevolence of the CSI Foundation has allowed me to not only take classes, but has provided many opportunities to grow. One specific example is that I have been fortunate enough to serve in the ASCSI Student Senate, this year as the Vice President. These things would never have happened for me if I were not here - and I could not be here without the blessing of scholarship funding from the Foundation. Thanks so much!”
