The College of Southern Idaho is one of the true gems of the greater Magic Valley community. The CSI Foundation is the work of many generous patrons who collectively add sparkle to that gem. We can be proud that these institutions are providing broad based education and community development assistance, most importantly by providing affordable access to higher education. Each dollar provided to the CSI Foundation helps fund the opportunity for people in our community to reach for the stars. We thank you all for sharing a part of your light and your life.

Visions of...
“providing ever-increasing access by expanding exceptional educational and community opportunities.”

This month is generously sponsored by:

D. L. Evans Bank
“Idaho’s Hometown Community Bank Since 1904”

The President’s Message...

7204  32%
Just numbers on a page until you know what they stand for. 7,204 is the official student headcount at the College of Southern Idaho for the start of the 2007-2008 school year. 32- percent is the enrollment growth CSI has experienced just since 2000.

To all of us at CSI, these numbers mean much more. Every single one is a student with dreams, goals, and objectives he or she wants to achieve. Without the generous contributions to the College of Southern Idaho Foundation, these numbers would be smaller. And the dreams would be fewer.

Thanks to you, the CSI Foundation remains a model organization for community college foundations nationwide. Innovative programs like the New Hope Scholarship are enhancing the affordability and accessibility of higher education. A total of 78 first-generation, first-time students enrolled last fall thanks to this remarkable scholarship.

I join each of you forward-thinking, positive men and women in the Foundation’s efforts. When we help the CSI Foundation, we are helping students.

GERALD L. BECK
CSI PRESIDENT

Foundation
for the College of Southern Idaho
NUMBERS INDICATE OUR FINANCIAL STRENGTH!
In 2006-2007 there was an increase of almost two million dollars in assets. This correlates directly toward the growing support for scholarships and facilities.

FINANCIAL STABILITY SUPPORTS STUDENTS THROUGH FOUNDATION SCHOLARSHIPS
Our entire community benefits as scholarships provide access to an education in Health & Human Services, Education, Professional Technical Industries and Agriculture.

We are proud of our 2006-2007 audit. Please contact the Foundation Office to request a copy.
CSI Internal Campaign

118 CSI campus donors gave an average gift of $171 to the internal campaign. The gifts received offer the opportunity for students to further their education.
The Irwin Family Scholarship in memory of Barbara Irwin was established by her daughter and son-in-law Sharon and Richard Allen and other Irwin family members, with the support of the Twin Falls Chamber of Commerce in recognition of Sharon’s participation in the Chamber’s Success Breakfast in April, 2007. The scholarship is designed to support students in the College of Southern Idaho nursing and health care programs.

Barbara Irwin was born in Hailey, Idaho on June 6, 1915, the second of four children of Robert and Lena Horne. She married Larry Irwin in Hailey in 1938 and after living for a short time in California moved back to the Irwin farm in Kimberly. Larry passed away in 1975 and Barbara continued to call the farm home until 2004, when she moved to Bridgeview Care Center.

As an active member of the Presbyterian Church, Barbara was a regular volunteer at the church thrift shop. She received the Honorary Life Membership of Presbyterian Women for her service to the church and the community. She was a 50 year member of Chapter D, PEO, the Amigas Club, Music Club and the Jerome Women’s Golf Association. She also enjoyed volunteering at the College of Southern Idaho, helping to prepare mailings and other materials.

Barbara lived a full life, centered on her four daughters who were her pride and joy. Her love for her family was the foundation of many important lessons. She had a strong sense of responsibility, a respect for others and instilled a set of values in her family that create her legacy. Among these values was the importance of giving back and helping others.

In that spirit, this scholarship was created. During her final years, Barbara was cared for by many nurses and other health care professionals who were students and graduates of the College of Southern Idaho. This scholarship is the Irwin family’s opportunity to “give back” to assist those who choose to pursue a career in health care and provide the compassion and care that Barbara Irwin was so fortunate to receive.
**Foundation Fact:** Generous donors created 14 new CSI Foundation endowments during 2006-2007.

**Interested in what CSI does?**

We’d like to show you what CSI provides for students and our community. Foundation Board members are learning about the almost limitless resource services available at that Gerald Meyerhoeffer Library.
2007-2012 FOUNDATION PLAN
SCHOLARSHIPS & MORE

THEME 1: FINANCE
Increase donation dollars 15% and number of donors by 25% through June 30, 2012.

THEME 2: COMMUNICATION
Increase CSI Foundation awareness through continuous communication improvement both internally and to the community.

THEME 3: OUTCOMES
33% of CSI students will be Foundation Scholars by June 30, 2012.

Visions of ...
“increasing scholarship awards from one in five CSI students to one in three.”

These are the CSI Foundation strategic goals.

**Plans Lead to Success**

Many students plan to go to college but do not have the needed financial resources. Under the Foundation Board’s plan student scholarships will double.
AGRICULTURE, HEALTH AND LIFE SCIENCES

FORTY-FOUR scholarship endowments have been created specifically for programs within these three departments through the generosity of our donors. In 2006-2007, with the earnings distributed from these endowments, the Foundation was able to award $96,320 in scholarships to students majoring in these programs.

The power to make a difference in a student’s life!

These students are jubilant about what they have accomplished and where they are headed with their future. This wouldn’t be possible for many without the financial support from generous donors.
BUSINESS, PROFESSIONAL STUDIES, AND TRADE & INDUSTRY

Auto Body, Woodworking, Culinary Arts and Welding are just some of the programs within these departments. Many of our local Magic Valley companies recruit CSI students in these high growth training programs. In 2006-2007, the CSI Foundation provided 25 scholarships to students studying in these T & I programs.

Visions of...
“educating, training and developing a workforce for the Magic Valley in professional studies and trade services.”
June 2nd through July 25th

Summer term at CSI offers 8 week courses students can take toward completing their degree. Summer study can save a full time student 6 credits during the regular year.
TEACHERS CREATING TEACHERS!
The English Department faculty at CSI, by pooling their own resources, created English scholarships through the Foundation to give to deserving English majors.

The Foundation led the Fine Arts “Keys to Success” campaign. Funds in excess of $230,000 were raised to purchase Steinway and other pianos for the small theatre and the performance room as well as furniture for the new Fine Arts Atrium.

Visions of ... “educating professionals who will teach cultural appreciation such as writing, music, art and theatre to our children and grandchildren.”
**Foundation Fact:** 114 Idaho men and women have served on the CSI Foundation Board during its 23 year history.

**Enjoy CSI on the 4th of July!**

Community collaboration makes CSI a pillar of the Magic Valley. For 23 years CSI has hosted a picnic and fireworks display on Independence Day. This could not have been done without the generous sponsorship of Magic Valley businesses and organizations.
Math, Engineering & Computer Science

Visions of ...
“educating students who will be our leaders in the world of mathematics, engineering and innovative technology.”

Demand for mathematicians, engineers and computer programmers continue to increase.

CSI is a great place to receive the beginning education and training for these programs. Through Foundation book and tuition scholarships students can receive financial support in these areas.
**Foundation Fact:** CSI and the CSI Foundation match the Idaho Promise B scholarship for high school top scholars. 660 newly enrolled CSI students received this award in fall 2006.

Stipends were given to two CSI math instructors to develop internet classes and course materials for mathematics courses that are required for elementary school teachers. A CSI Foundation mini-grant of $2500 funded the development of this curriculum. Eleven CSI programs received a portion of $26,969 distributed through CSI Foundation Mini-Grants.
Visions of... “educating students who will develop new information processes to better serve our businesses and communities.”

THE GRACE SMITH KEVEREN FOUNDATION generously donated money to the CSI Foundation to develop a Computer literacy Information Center in the Meyerhoeffer Library.

The Academic Development Center is located on the top floor of the library. The center offers training and testing for both General Education Degrees and Adult Basic Education courses. The Foundation provides scholarships to students for GED/ABE testing. This is the first step for some students in accomplishing their higher education goals.
PHYSICAL SCIENCE, AND SOCIAL SCIENCE

THE HERRETT CENTER FOR ARTS AND SCIENCE

The Magic Valley community built and renovated this unique center with its multiple galleries, observatory and planetarium. More than 10,000 K-12 students from south-central Idaho and northern Nevada visit the Herrett Center each year for educational field trips. Sciences, such as Chemistry, are of increasing importance to the community and to the College of Southern Idaho.

Visions of...

“educating students in anthropology, astronomy, chemistry, criminal justice, geography, geology, history, law enforcement, political science, psychology and sociology”
**Foundation Fact:** The Herrett Center is a treasure of communication for the arts and sciences. Last year the Foundation’s 1st Calendar Annual Report received a bronze award from the District 7, National Council for Marketing and Public Relations, for its design and creativity in communication.

### The CSI Foundation Board of Directors

The CSI Foundation Board is comprised of visionary community members who volunteer their time to help CSI meet the educational and training needs of south central Idaho. Their efforts result in scholarships for students, improved student resources, and renowned state of the art facilities. The CSI Foundation Board is extremely grateful to all donors who have given to CSI students through the Foundation.
NEW HOPE SCHOLARSHIP

In Fall 2007 the CSI Foundation awarded 78 students New Hope Scholarships. This scholarship is awarded to students whose parents did not attend college. Student recipients of the New Hope Scholarship are thankful for the access and opportunity of affording a college education.

CSI Foundation’s Mission...

“providing increased awareness and financial support to CSI to educate, offer life-long learning, and strengthen community partnerships.”

December...the month to give

Scholarships are vital for some students to afford an education. The cost of tuition and books can be cost prohibitive to students who are working full time and have families to support. Scholarships are the gateway to pursuing their education and training needed for employment and fulfilling their career goals. Donations of scholarship money are truly appreciated. The CSI students say “Thank You” for your generous support.
MEMORIAL GIFTS

The College of Southern Idaho Foundation received donations in memory of the following people between July 1, 2006 and June 30, 2007. We are extremely grateful to the friends and family members who chose to remember the students at CSI during very difficult times.
