11. How have the facilities helped you achieve your academic and self-development goals?

- Great photocopiers, I love the fact that there is more than 1.
- I've used the copier for individual class assignments & group presentations, & the TV/VCR's for instructional assignments. Which is to say, whenever you need something pertinent for an assignment, it always seems to be here & available.
- The facilities have helped me achieve my academic and self development in many ways. Especially when I don't understand something they explain it very well.
- Watched videos.
- None of those, yet!
- Allowed me to view videos here and not waste time driving home between classes. Copies let me take home information for further study.
- Use of the computers was a god sent for me due to not having a computer at home.
- Gave me a quiet learning area.
- It's good that the TV was available when mine dies - and the silence in that room is exquisite.
- The more I have to utilize the more I can achieve.
- Taking a speech class has helped in this area.
- Had to watch a movie for a class.

11. How have the facilities helped you achieve your academic and self-development goals?

- They gave me a quiet place to study & do assignments & made copying needed information easier.
- Photocopiers came in handy for assignments. The group study rooms were kept quiet, very nice when studying.
- The study rooms really help a lot that way we are not disturbing anyone around us.
- I've been able to have a nice quiet place to study and have the things I need when I need them.
- All useful - I just don't need them.
- Yes I can get more things done.
- They help me concentrate better.

Facility

12. Please give your opinions about: the atmosphere, comfort level, accessibility, study tables, study carrels, seating, etc. of the library.

- Quiet comfortable surroundings; plenty of seating to sit down and study or relax.
- Comfortable, maybe a bigger library.
- They're OK.
- I use the library to study 7 days a week, anywhere from 1 ½ to 5 ½ hrs a night. I study here because I like the atmosphere, the people who work here, & the seating by the windows – it seems <the windows> to open up the room, without having to look up from what I'm reading or doing (and the chairs are comfortable without feeling to lazy...).
- What I don't like about the library is that you're studying or doing your homework when most of the cellular phones are ringing most of the time.
- Very comfortable, helpful atmosphere; seating is excellent, study tables excellent; accessibility is superior.
- Need area for refreshments while studying.
- A great atmosphere for studying, calm & friendly. Great resources and very helpful.
- Sometimes people talk to loud!!! It would be nice to have a quiet atmosphere in a place specifically designed to study in.
- It's a nice atmosphere & clerks are kind & helpful.
- I like the library; comfortable, clean, good temperature, nice people, maybe a little stark, could use more decoration &/or the study tables could have a little more to them – for comfort and appeal (some people like a little more privacy/seclusion).
- I think it's great, sometimes there's lots of study group in the library part. They should have to use rooms.
- I think the library is very comfortable & easy to use.
- Well, it's very nice and of course comfortable to study and it's great.
- Overall, very comfortable. Sometimes in the back, someone would talk loudly on a cell phone or to a friend and disturb me. But mostly, a good study place.
- Everything was great for me in the library.
- CSI athletes are loud & obnoxious, but everything else is wonderful!
- Everything is great except for the noise level occasionally. And when I come here at night many athletes seem to be hanging around, on computers etc. And they get flat out obscene. I don't know if authority hears it all, but if they did, these boys should be kicked out. Sorry, but I had to say it!!
- I enjoy studying in the library but the computers are too close together.
- Great. Sometimes no available computers. But over all it is great.
- The atmosphere in the library is very comfortable and roomy. I have never had to wait for anything and the study areas are perfect.
- Pretty quiet, very accesable, adaquite [sic] seating.
- Atmosphere is real good (excellent). Comfort level – chairs for computers is criticized (back) – hunch back syndrome. More printers please.
- Everything is good.
- Library is a good place to work on homework.
- Quiet.
- Good atmosphere. Could use some lounging couches & big comfy chairs or long visits but overall a great library.
- Everything is great, but I wish there were more math videos, because it's near impossible to rent the chapter that I need when I need it.
- Atmosphere is nice. Seating – it would be nice if comp. chairs had backs.
- Atmosphere is good, comfort level is excellent, accessibility is pretty good, study tables are great, seating is excellent.
- We need more lounging areas and the comps. should be scattered and more space from the people @ the computers.
- I like the atmosphere in the library, easy to study, quiet.
- I am sure the facilities are fine.

Facility

12. Please give your opinions about: the atmosphere, comfort level, accessibility, study tables, study carrels, seating, etc. of the library.

- The atmosphere is very pleasing, there are always study tables which makes it convenient, and it is always quiet.
- I think it is great!!
- Great atmosphere, quiet, comfort level is nice, accessibility and times available are great. Study tables are large, chairs are comfy. Wouldn't change a thing!
- I really like the arrangement of the library. It's very peaceful and yet it contains useful information and sources. The staff is very helpful and courteous to everyone who comes in.
- Seating is just okay, the rest is good.
- The library is very comfortable and quiet so that a person could study and concentrate.
- This is a place that everybody can feel comfortable because we can find a quiet place to study.
- It is easy to work in here.
- Its a very nice cozy environment. Its big clean easy to concentrate. I love it.
- I ♥ it! The library is a good place to be.
- I am grateful [sic] for the C.S.I. Library.
- It is good atmosphere.
- I like the CSI Library very much.
- CSI Library is pretty well managed. It has a great atmosphere to study & concentrate. At times all computers are taken, but if I wait enough I will get access to one.
- The library is a very comfortable place to get work done.
- It could use some additional computers & printers. Otherwise, the overall functions & operations of the facility appear to be running fine.
- It is great! I enjoy going to the library.
- Great library.
- The atmosphere is wonderful its comfortable to sit at a table & helpful to be quiet & also being able to sit a talk for help is great.
- Pretty good. You could use some couches etc. to just sit on the grey sitting chairs are rather uncomfortable.
- Chairs at computers are too low and need backs! A study group room with a computer for group computer work!
- I like it, its comfortable, friendly, place to study.
- Good.
- They have all suited my needs just fine. I think that the library is being run effectively.
- I love the CSI Library. Whenever I walk through the double doors of the library entrance I know I have chosen the right location for my study & research needs. The staff is friendly and the accessibility is overwhelming. I can never go wrong with any researching needs within this facility.
- I really like CSI.
- Very comfortable. Everything is great!
- I really like this place; make me feel comfortable and it's quiet, calm.
- This library is very good for studying and getting things done. It always has a quite [sic] atmosphere and seating arrangements are excellent.
- They are all very good. Beside, sometime people talk loud.
- I think that the library is good as it is. Sometime the computers are all filled up so that there is no accessibility to them but that is unavoidable. It's all good.
- It has a pleasant atmosphere. I have seen several times all the computers being used. And I have seen several times all the tables in use.
- The library is a very comfortable place to come & study. The atmosphere, accessibility, study tables, etc. are all great. Yes, it is my favorite place on campus.
- The atmosphere in the library is very comfortable. I especially like the small computer room off the side of the library. More study rooms w/ a buffet & TV would definitely add a lot!

Facility

12. *Please give your opinions about: the atmosphere, comfort level, accessibility, study tables, study carrels, seating, etc. of the library.*

- The library has a comfortable atmosphere, it is always quiet so I can study and tables help when I need to spread things out.
- Everything is great.
- I love coming to the library to do my assignments. I feel very comfortable. It's nice and quiet, and I have access to everything I need. Thank you!
- The atmosphere is good for studying. Sometimes it gets a little loud around the study tables and carrels. There is enough room for everyone to study at a table or carrel.
- I like the atmosphere at the library it provides a good place to study. I feel like people should turn their phones on vibrate while here though and go outside or in the back to talk it would cut down on the distractions while trying to study.
- Everything fine...
- Great for studying.
- Atmosphere = nice .. except for inconsiderate people who are loud
Comfort = nice chairs! Perfect 10!
I would like the books to be arranged by subject .. Except 4 that, all good!

Appendix 5.6 Map of Library

Appendix 5.7 Facility Use Data

CSI LIBRARY: LIBRARY SEATING LIBRARY USAGE (10/6/03)

The Library is a new facility constructed in 1996 with approximately 24,000 square feet of space and a total seating capacity of 268.

Computer seating	55
Special needs workstation	1
Index carrels	6
Video and special visual equipment	12
Audio carrels and Microform Reader	13
Armchair seating	25
Armchairs, current journals area	8
Study table seating	62
Study carrels	60
Group study rooms seating	26
Total Seating	268

A headcount is taken in the library at regular times. For the spring semester of 2003 (the latest full semester figures available at this time of writing) the busiest time of the week was mid-mornings with an average of 67 students at 10:30 a.m., and a peak count of 119 on a Friday at the same time.

Since even the record peak figure for the semester was equal to only 44% of the total seating capacity, we conclude that the library is still adequately sized to meet the goals and requirements of the library services for the students.

CSI Computer Systems Acceptable Use Policy

Computer Systems Acceptable Use Policy

October 27, 1995

Modified: July 18, 2003

Review by the CSI Computer Committee: January 14, 2000

This policy is designed to guide students, faculty, and staff in the acceptable use of computer and information systems and networks provided by the College of Southern Idaho (CSI).

Guiding Principles

The CSI community is encouraged to make innovative and creative use of information technologies in support of education and research. Access to computer systems and networks owned or operated by College of Southern Idaho imposes certain responsibilities and obligations and is granted subject to college policies, and local, state, and federal laws. Acceptable use always is ethical, non-offensive, reflects academic honesty, and shows restraint in the consumption of shared resources. It demonstrates respect for intellectual property, ownership of information, system security mechanisms, and individuals' rights to privacy and to freedom from intimidation and harassment.

Acceptable Use Guidelines

In making acceptable use of resources the College expects that you will:

- use resources only for authorized purposes.
- use resources for educational-related course work, research projects, or department activity.
- protect your user id and system from unauthorized use. You are responsible for all activities on your user id or that originate from your system.
- access only information that is your own, that is publicly available, or to which you have been given authorized access.
- use only legal versions of copyrighted software in compliance with vendor license requirements.
- be considerate in your use of shared resources. Refrain from monopolizing systems, overloading networks, degrading services, or wasting computer time, connect time, disk space, printer paper, manuals, or other resources.

In making acceptable use of resources the College expects that you will not:

- use another person's system, user id, password, files, or data without permission.
- use computer programs to decode passwords or access control of information.
- attempt to circumvent or subvert security measures.
- connect or use unauthorized or personal equipment on CSI networks.
- engage in any activity that might be harmful to systems or to any information stored thereon, such as creating or propagating viruses, disrupting services, or damaging files.
- use CSI systems to access or distribute what could be considered offensive, abusive, pornographic, threatening or libelous material.
- use CSI systems for commercial or partisan political purposes, such as using electronic mail to circulate advertising for products or for political candidates.
- make or use illegal copies of copyrighted software, store such copies on CSI systems, or transmit them over CSI networks.
- use mail or messaging services to harass or intimidate another person, for example, by broadcasting unsolicited messages, by sending unwanted mail, or by using someone else's name or user id.

- waste computing resources, for example, by intentionally placing a program in an endless loop, printing excessive amounts of paper, or sending chain letters.
- use the College's systems or networks for personal gain, for example, by selling access to your user id or to CSI systems or networks, or by performing work for profit with CSI resources in a manner not authorized by the college.
- play games using any of the College's computers or networks, unless for instructional purposes as specifically assigned by a professor.
- engage in any other activity that does not comply with the Guiding Principles presented above.

Procedures and Sanctions

Individuals using computer systems owned by the College of Southern Idaho do so subject to applicable laws and CSI policies. College of Southern Idaho disclaims any responsibility and/or warranties for information and materials residing on non-CSI systems or available over publicly accessible networks. Such materials do not necessarily reflect the attitudes, opinion, or values of College of Southern Idaho, its faculty, staff or students.

Notice is hereby given that there are no facilities provided by the College for guarantee of confidential files. CSI staff may have the ability to view all messages and files of any user. However, it is not the routine policy of the staff to view others' files, and the intention is to keep files private, even though such privacy cannot be guaranteed.

Violations, or apparent violations of this policy will be referred to the Office of Instruction and Computer Center as appropriate. Persons found to be in violation of this policy are subject to the full range of sanctions, including the loss of computer or network access privileges, disciplinary action, dismissal from the College, and legal action.

The College of Southern Idaho considers any violation of acceptable use principles or guidelines to be a serious offense and reserves the right to copy and examine any files or information resident on CSI systems allegedly related to unacceptable use, and to protect its network from systems and events that threaten or degrade operations. Violators are subject to disciplinary action as prescribed in the student's College Code of Conduct and the student and employee handbooks. Offenders also may be prosecuted under laws including (but not limited to) the Communications Act of 1934 (amended), the Privacy Protection Act of 1974, the Computer Fraud and Abuse Act of 1986, the Computer Virus Eradication Act of 1989, Interstate Transportation of Stolen Property, the Electronic Communications Privacy Act, and Idaho computer crime laws as specified in Idaho Code, Section 2201. Access to the text of these laws is available in the reference section of the College of Southern Idaho library.

Appeals

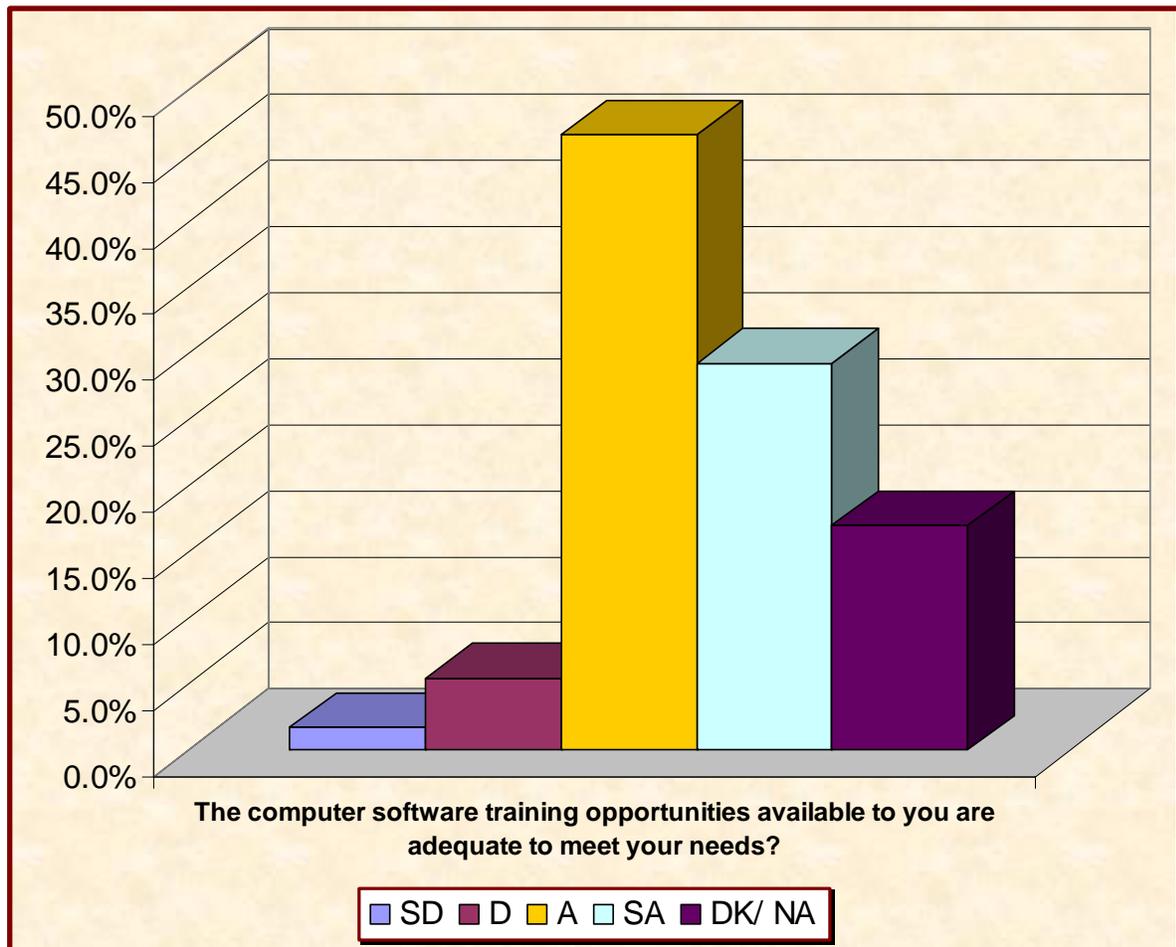

Appeals should be directed through the existing appeals and problem solving procedures.
