

## Turn Key Medical, Inc., Meridian, ID Donates Mobile X-Ray Machine to CSI Rad Tech Program

**Release date:** 05/15/19

**TWIN FALLS** – The College of Southern Idaho Radiologic Technology Program is grateful to Turn Key Medical, Inc. of Meridian, Idaho, for donating a state of the industry 2012 RadPro Mobile X-Ray machine with a value of \$16,980. The new machine will replace the Radiologic Technology Program’s old 1979 GE Mobile X-Ray machine.

Since the inception of the CSI Radiologic Technology Program in 2002, Turn-Key Medical, has been a key industry training partner. Since the inception of Turn-Key Medical, Inc., more than 30 years ago by founder James F. Rowell, Chairman of the Board, their customer-base has grown to include major hospitals and clinics throughout Idaho and surrounding states along with several other college-based Rad Tech programs. Turn-Key Medical has relationships with a wide variety of medical imaging manufacturers, including Canon Medical Systems, Agfa Healthcare, Hologic, Inc., Ziehm Imaging, Medicom, Orthoscan, NovaRad, Accuray, Carestream, Perkins Healthcare Technologies, Vital.

Jake Kerley and Stacey Mitchell, both executives at Turn Key Medical, serve on the CSI Radiologic Technology Program Advisory Committee. The College of Southern Idaho would like to show sincere appreciation for this generous donation of modern equipment, which will help student growth in this field.
