ASCSI Student Senate Meeting

November 10, 2008

Presiding- President Yesica Flores

Conducting (Chair)- Vice President Monreal

Call to Order/Attendance:

-Meeting Called to order at 3:05pm

-Senator Dominguez and Haggan excused from meeting

Guests: Rob Schuler

Member of the Drafting Club. Guest is representing the Club to talk about the Builders Show in Las Vegas in January. The amount that is being asked for approximately 10,500. What the club is doing to fundraise is an auction as well as a raffle. The trip would give the students a great opportunity and insight to their field. They will get a chance to attend educational seminars. The Conference is International giving the students great opportunities to network. Assignments will be given to the students during their stay in Las Vegas. The Drafting club is still working on raising more money on their own.

Approval of Senate Meeting Minutes of November 3rd

-Minutes were moved, seconded, passed

Old Business

1. Bill # 2- Senator Lawson

-Bill presented before senate regarding the special events funding and a more reasonable way to distribute the funds. Bill available in the Student Activities Office for more information and detail. Some positive and negative discussion led to approving the bill. Some comments included "This is a great idea and makes each club earn money instead of it being given to," "This bill could allow us to benefit more clubs and help them when needed." (Bill was Moved, Seconded, Passed by majority).

2. Funding Request: Business Club- Senator Greenfield

3. Funding Request: Drafting Club- Senator Kutambula

-Motions were made to apply Bill #2 to each of the Clubs requesting funds. Both motions were seconded and passed by majority. Division of the Question was called due to the fact that there was misunderstanding among the senators. The bill and situation that was going on was explained to those that did not understand what was going on and Motions were made again. Motions were passed once again by majority.

4. MTV U Proposal- Advisor Stanley

- There are many requirements for programming. MTV U would be a great idea

but the senate would have no control over what is showing. An idea that senate could take in is starting up a network that could be completely controlled programming. New screens could be purchased and set up and funded by the Student Union. This could give students the opportunity to be more creative!

-The motion to approve setting up our own network was moved and seconded. Positive feedback was given and the motion was approved.

5. Recycling Cell Phones- Senator Bajraktareric

Met with Judy Thom and contacting newspaper to advertise the recycling of cell phones at CSI. Posters were made There will be a box in the senate office as well as in the Taylor Building. A mass email will be sent out to all the students informing them of what is going on with recycling cell phones.

6. Pall Step- Senator Felix

-Due to busy schedule the decision to volunteer as mentors to the children from pall step was denied. It would not be fair for those children to have somebody who is busy and cant always count on unintentionally. The spot is still open for those who do have time and commitment to the child they are matched up with. An idea that was brought up was for senate to do a One Day Event of fun for the children and families that could be fun and accomplished.

New Business

7. Senate Picture- President Flores

-A new group picture will be taken the first Monday in December.

8. Coffee Shop- Advisor Stanley

-Outdoor program is moving out of their current spot in the Matrix and using space in the REC center. The area/room is available for senate to turn it into something the students will enjoy. A suggestion was to turn it into a Coffee Shop the room has a patio and a great location.

9. Recycling Week- Senator Johnson

The clubs involved with Recycling Week need to meet and start planning for the week. There will be a quick meeting after the senate meeting to discuss a proper meeting time that fits everybody's schedule.

10. Senate Pot Luck- Vice President Monreal

Each senator will bring a dish (favorite, or cultural, or good) and say what they are thankful for! This will take place on NOV 24 after the senate meeting. A list will be hung up in the meeting room as a reminder of what we are all thankful for.

11. Committee Reports- Advertising

"We talked with our adviser and we talked about how Tp was going. We put up the calendar and put up the Tp. We had a meeting with Yesica and Sonia for a our

advertising and recycling ideas. We did all our hours for senate.”

Ambassadors

-“We met with the Ambassadors this week, and they are doing good. They are staying busy with tours and they are also doing some projects. One of their project right now is to make shoe boxes, they put gifts in a shoe box and they decorate it and send it to a child who is in need of things. Something else that they are doing is preparing more to give tours better. The ambassadors are each presenting on a couple different programs that we have at CSI, such as the nursing program, Radiology program, and many more. We got the bus reserved for the USU conference and we got everyone who signed up registered to go to Utah. The bus is going to be leaving at 5:30 AM on Friday the 14th in front of the dorms. There are at least 20 people going all together from Senate, Ambassadors, and Program board. That’s all we have for now.” -Senator Dominquez

Campus Recreation

“There are over 1100 student memberships in the system. Memberships should increase as it gets colder outside. Tuesday night is indoor soccer. Wednesday night is volleyball. There is a judo clinic on saturday. There were just repairs so all the equipment should be working great. Last week there was the dodgeball finals and also a 3 vs 3 basketball tournament. Both went great.” -Senator Johnson

Program Board

Diversity Council

“Last Thursday 11/06/08 during the meeting the member were given deadline to present their boxes for ‘Operation Christmas Child’ and that will be next meeting. Members are teaming up in making these boxes and those who decorated their box well will win presents. About Recycling ‘Cell phones for soldiers’ we will be doing it next semester, but right now we let community service do it and we will be helping them in order to have an idea when we do it next semester. On Advertising we are doing the ‘Toilet Paper’ and we will be collecting information from clubs and organization during senate meeting and after. So we need information for the next Toilet paper before November 24th. We met with our advisor Silvia and we don’t have much going on.” -Senator Rono

Eagle Hall Council

-This week we had the pizza party for the winners of the hall decorating contest. Eagle Hall Council also took down decorations and put up fliers to promote the 6th man shirts. We also will be meeting sometime this week to discuss how we will begin our recycling.

Interclub

Outreach Centers

Public Relations

Treasure

Vice President Report- Vice President Monreal

-There is still some side talk but thank you for minimizing it from what it was and also thank you all for being attentive to the speakers.

President Report- President Flores

School is number one to senate and would like to encourage everybody to keep up with the grades. Make sure posters are up by Friday. Next Monday will be the community service event and its at 5:30-7:30 everybody come!!

Advisor Report- Dean Graydon Stanley/ Jasmine Lopez

Thank you to Senator Lawson for all the work on the Bill. Enjoy your Tuesday off and have a good week be SAFE!

Announcements

Cloths and food from the drive will be delivered on Wednesday!

Adjournment at 4:57pm
