Vice President Report – Vice President Lawson

Thank you for making it everyone! I am excited about the committees. We are going to have a lot of fun!

President Report – President Haggan

This is going to be a great year! We will get a lot done since we are all comfortable and will continue to motivate and encourage each other. We will also be using the Clubs and Organizations room for Senate offices so that each committee has their own computer to use. We will put a large table in there for non-formal meetings and cross your fingers for a couch!

Treasurer Report- Treasurer Rono

Our summer enrollment is up 3% from last year! We have 1,773 students enrolled and 1,172 full time which is up 8%!

Advisor Report – Dean Graydon Stanley

We are working on getting new computers for all of the cubicles.. In your binders it shows the students branch which lists the way this school operates. It all starts with the students. You represent 250 students. 😊
