X. Executive Reports

Vice President Ellis:

- I could never be prouder of a group of people on Councils that represent a school. I saw so much wonderful, intelligent, energetic, caring people and think this year we are going to have a foothold and make a mark. It’s going to be one that is going to be measured against, and I thank that each and every one of you for the work you have done so far and that you are going to in the future. GO SENATE!

President Bridges:

- I want all of you Senators for getting out there in the first place. I know it was difficult for some of you but you made it. All of this was good. Next time we won’t necessarily be able to do that for administrative purposes. We accomplished a good deal this weekend. We met and made a ton of new friends. Everyone this morning had energy pouring off of them. Thank you again for representing Senate up there and doing a good job at it! There was some issues up but thank you for organizing things. Let’s have a good year!

Advisor Scholes:

- I for one DID NOT have energy pouring off of me this morning! Most encouraging thing today, I have had people come up and give me hugs and high fives, and knowing my name. So that was great. It’s really encouraging that I saw in one meeting things I tried to communicate, things Mark Wasden tried to communicate. I thank you for listening and being open to suggestions. I really think we are going to have a great year!

Senator C. Johnson moved to adjourn the meeting at **5:20 pm**.
