Public Relations: NO REPORT

Sports and Recreation: I met with John Friday and we covered a lot of things

A couple of our questions that we want to answer are who commutes here, and what are ideal times to schedule events so as many people as possible can go. I will also be going around and asking peers outside of the rec center for ideas for activities.

Ideas for activities we came up with/ work well from the past

Indoor challenge course- Not many students realize that this is there to use, so John and I will meet with Christa sometime this week and figure out and indoor challenge course sign up so students can have a chance to try it out.

Intramurals- Volleyball, basketball, and soccer to be started up within the next couple of weeks. We are going to see if we can combine soccer intramurals with the soccer club, as it is already in place, and we are double checking where the basketball intramurals take place.

Snow shoeing/Skiing- These usually happen around February time, but we just wanted to start discussing them now to get an idea of how they were presented

Other ideas- Roller derby, either to be hosted somehow in one of the gyms here at CSI, or done at the skating rink, monster soccer, a winter scavenger hunt to be combined with exercise somehow, and a college swim night

College swim night- This is one activity we want to get off the ground right away, so we would like to schedule it for november 15th. We would like to have free pizza offered, and somehow obtain glow necklaces and bracelets
