● UNFINISHED BUSINESS

- Senate Presentation/Questions We had a comment about not knowing in our own words what senate means, so we went around the room and stated what senate means.
- Committees Braydon addressed that each committee must have at least 4 voting members in the constitution, but its within the bylaws so due to senate now being smaller, we must go over and make changes where is needed.
- Marissa Teams Presentation (15 min.) Complications with computer so Nicole entertained the motion to go out of order on our agenda. Skylar moved that we don't move in the correct order and was seconded by Hasan at 5:21 with a unanimous vote.
- Name Tags/Plates/Polos/ Jackets Nicole gave the prices of each item. \$10.95 for tags, \$11.95 for plates, \$27.79 for each polo, jackets embroidered with logo in the front with our personal name on front and back is \$45.50, without the Embroidery is \$39.98. No decision was made due to a bill not being made. Marissa made an estimation of \$1,100-\$1,200 together.
- Graduation Complaint Hasan explained that during last years graduation ceremony for his brother an invocation took place, he explained more that its derived from the Christian religion and doesn't apply to all the diverse religions at CSI. It has taken place every graduation ceremony for 59 years. He made the point that with this portion of the ceremony, it made him and possibly others feel excluded due to not being a part of Christian faith. His solution is to completely remove it or to replace it. He says, "We need to make sure everyone is included and not excluded especially over an achievement they've worked so hard for." In continuance with the solution, it was brought to a discussion with the entire Senate to write a letter on the behalf of senate. After each one of us stated our opinions, we all unanimously agreed to let Hasan write a draft and will be later brought up for modifications and then we can all sign it.
- Helping Hands We all made the change of making helping hands towards only helping clubs and that it will be hosted on Mondays Wednesdays and Fridays from 12-1pm
