UNFINISHED BUSINESS

NEW BUSINESS

- PTK (Council Vote)
 - Due to constitutional reasons, PTK is unable to be passed as a council under Senate's constitution. The constitution states under Article IV: Council and

Committee System Section 1: Councils “Standing councils shall be determined by the Senate in the spring semester for the following academic year. Further requirements, specifications, and liaison duties shall be outlined in the ASCSI By-laws.” As far as a solution to their funding issue this coming Spring, if they present the specific projects and funds needed, senate can further decide whether to fund those projects.

OPEN FORUM

- **Aaron and Fernando M. from Program Board presented that they would like to put up a 12ft tree where students are given ornaments to decorate that they can either put on the tree which will be set up in the center of the Student Union or take home. They recognized that not everyone celebrates Christmas but thought that this could be an opportunity to work with other councils to bring together other traditions that could be hung on the tree. They both asked Senate to sponsor with \$500, \$300 goes toward the tree which is already arranged with lights and the rest would go to paint and ornaments. They would like this to be a tradition. With this tree they'd like to add more decorations from students from years on at CSI.**
