URGENTLY NEEDED: SUBSTITUTE TEACHERS FOR MAGIC VALLEY SCHOOLS

Magic Valley School Districts have an urgent need for substitute teachers. We are critically low on the number of people available in our substitute pool. This lack of substitutes puts a strain on staff and students as we have to split classes or pull necessary staff from other areas. We are asking for your help! Please apply to be a substitute teacher today.

What are the qualifications?

- High School diploma- (We are willing to provide on-the-job experience for individuals who have a high school diploma or GED)
- Must be able to pass a criminal background check and drug screening

Do I have to work every day?

No, substitute teachers can choose which days they are available and which days they don't want to be called.

Can substitutes choose the grade level(s) to work?

Yes, if you have a preference we will work with you based on your comfort level. You can select which schools and which grades you would prefer.

What is the pay rate?

The pay rate for most substitute teaching positions is approximately \$100.00 per day depending on qualifications.
