Vaccine Incentive

The College of Southern Idaho has implemented a vaccine incentive program for students enrolled in credit-bearing courses during the Fall 2021 semester. Students must complete the full vaccine protocol and become fully vaccinated before October 15, 2021, in order to qualify for the incentive.

- Any participation is a voluntary action.
- The financial incentive is only available upon completion of the two-dose protocol for the

Pfizer and Moderna vaccines or the single-dose protocol for the Jansen (Johnson and Johnson) vaccine.

- The financial incentive is a one-time \$100 cash payment.
- Any student enrolled in credit-bearing courses this fall is eligible.
- The College will not retain copies of vaccination records but will track participation in the incentive program to avoid duplicate distribution.
- Participation requires that the student has completed the full vaccination protocol prior to October 15, 2021. Those who are partially vaccinated will not be eligible for the incentive.
- If you have already fully completed a vaccine protocol for COVID-19, you are eligible to receive the incentive.
