Name: Ariana
Juarez Camarillo

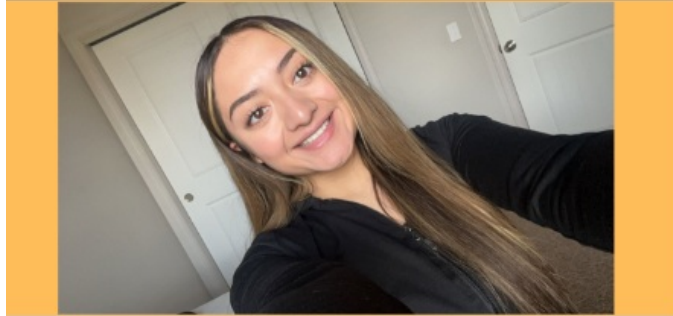

Major: Psychology

What brought you to CSI?

What brought me to CSI was to get my associates in Psychology, achieve leadership experience, and meet new people.

What do you enjoy about CSI?

Coming to CSI has probably been one of the best decisions I have ever made because of all of the support I have from everyone on campus. I also love being involved that has given me many new leadership opportunities and making lots of new friends.

Major: Carpentry

What brought you to CSI?

I'm a German Exchange Student and came here in August of 2022. I've since lived in the dorms and engaged in lots of events and activities and I absolutely love it! Being able to experience another country like this is such a great opportunity.

What do you enjoy about CSI?

The amount of events and chances to get to know other people is amazing. I was part of the Eagle Leads Council in the fall semester and enjoyed everything we did there. Being able to support others first hand and being involved in the campus life was so much fun. The love that is being spread around campus by so many of the different councils is just great and I

would've never thought I'd
enjoy college life in a foreign
country this much :)
