## Student Spotlight

**Name:**  
Giselle Vega

**Major:**  
Health Science

**What brought you to CSI?**

I went to high school at Canyon Ridge and they really pushed us to enroll in dual credit courses as much as possible, so by the time I graduated high school I had enough credits to graduate with my Associates degree. Since the campus was close by and I had already taken courses online and on the CSI campus, I felt really comfortable and confident going to CSI. It was close to home and the classes were affordable as well.

That gave me the flexibility to explore

different classes or majors before deciding to set my career path into dental. I'm happy with my decision to have gone to CSI and I have no regrets enrolling here!

**What do you enjoy about CSI?**

I started to become more involved on campus this year and I loved all the opportunities that were given to me to do so. I've met so many good friends through the councils and in classes. The CSI campus community isn't too large and makes it easy to get to know.
