

NEXT STEPS

You Have Completed Your ALEKS Placement Assessment for The College of Southern Idaho

You now have access to a 6-month personalized Prep and Learning Module.

Your 6 months of access to the Prep and Learning Module will begin once you start the module in your ALEKS Account.

You may use the Prep and Learning Module to improve your preparation for your upcoming math class **and** to improve your Placement Assessment score.

Go to <http://www.aleks.com> to log in to your ALEKS Account to begin.

Your login username is printed on your ALEKS score report and you will also receive an email with it. Your password will be your birthdate MMDDYYYY.

You can retake the Placement assessment *up to 4* additional times to improve your score. (The highest score will be used for math placement). Students are required to work in the Prep and Learning Modules for a specific amount of time prior to each Placement Assessment to increase success.

- 2nd attempt—required to complete 3 hours of work in the Prep and Learning Modules before attempting assessment. This attempt can be taken at home unproctored/unofficial to see if you have the placement score you need or may be revised by a proctor to be a proctored/official attempt.
- 3rd attempt—There is no requirement to spend time in your Prep and Learning Module before the 3rd placement attempt, though it is recommended. This attempt can only be accessed in a proctored environment.
- 4th attempt—required to complete 3 additional hours of work in the Prep and Learning Modules before attempting assessment. . This attempt can be taken at home unproctored/unofficial to see if you have the placement score you need or may be revised by a proctor to be a proctored/official attempt.
- 5th attempt – Final attempt – This attempt can only be accessed in a proctored environment. Please register for recommended class.
