Student Recreation Center Members:

We continue to monitor our facility and add safety measures based on guidance from the Centers for Disease Control and Prevention (CDC) and other government organizations. In line with those safety measures, we are providing this guidance regarding the use of face coverings to prevent the spread of COVID-19.

Due to significantly elevated COVID-19 cases in the community, the College is increasing enforcement of compliance with campus regulations regarding the use of facial coverings in all buildings, including all areas of the Student Rec Center. Proper use of facial covering (full covering of nose and mouth) is required, and violations of this regulation will result in loss of privileges in the Rec Center:

- First offense will result in a one week suspension from the facility
- Second offense will result in a one month suspension from the facility
- Three or more offenses, or the necessity of staff to provide frequent reminders will result in a full suspension of your membership

Remember that wearing a face covering can help prevent the spread of the disease, but only in addition to other measures that you should be taking in the workplace and at home, such as frequent hand washing, cleaning and sanitizing frequently-touched surfaces, and practicing social distancing.

If you feel sick or if you are experiencing any symptoms of COVID-19 (fever, cough, difficulty breathing, chills, headache, muscle pain, sore throat, or new loss of taste or smell), please stay home, and contact your healthcare provider for additional guidance.

To get the most benefits from a face covering:

- *Make sure it completely covers your nose and mouth.*
- *Read the directions for use (if provided).*
- *Wash your hands before and after removing it.*
- *Try not to touch your face when you adjust it throughout the day.*
- *Keep cloth coverings clean by washing daily, or more often if contamination occurs.*
- *Don't let others wear your face covering.*
- *Keep it away from machinery that it could get caught in.*
- *If using disposable face coverings, do not reuse them, and throw them away in appropriate trash receptacles.*
- *Don't lay your face covering on any surface that may contaminate either the covering or the surface.*
- *Don't use it if it's damaged or has holes.*

If you have any questions about the use of masks or face coverings in the facility, please contact the Director of Student Recreation.

Thank you for your continued patience and understanding during this difficult time.
